

Charleston County Criminal Justice Coordinating Council

Kristy Pierce Danford, Project Director

Iterative and Evolving

Key Progress and Challenges

- Less jail use
- Increased data capacity
- Increased understanding of disparity
- More informed bond setting
- Early case processing efficiencies
- Fewer familiar faces cycling through
- Growing community coalition

Challenges ahead:

Improve pretrial outcomes

Timelier case processing

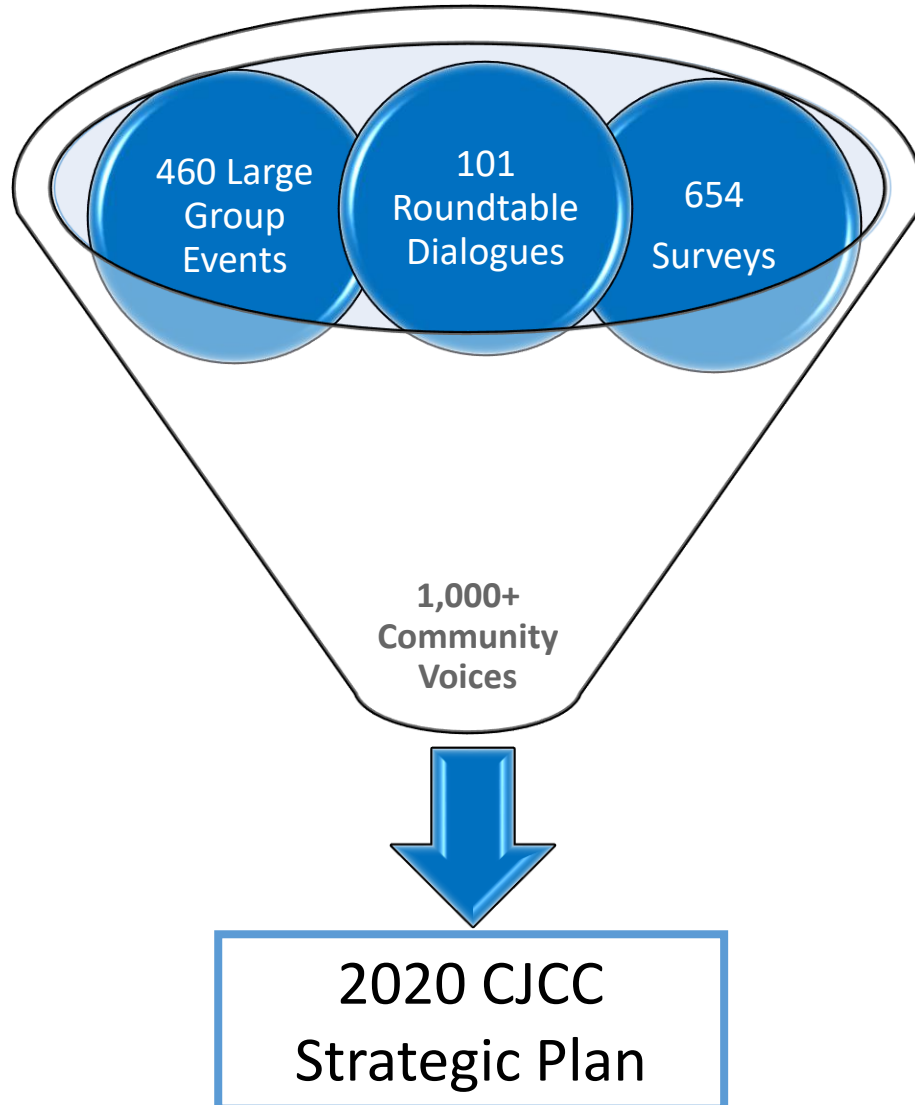

Racial/ethnic disparity reduction

Lower recidivism

Continuing community engagement

Sustainability

Community Engagement Strategy to Raise Awareness and Engage Community in Problem Solving

GOAL: Engage 1,000 community members to help set the course for the next strategic plan

GOAL EXCEEDED
1,215 Engaged

Lessons Learned and Next Steps

2020 CJCC
Strategic Plan

Roundtable Dialogues

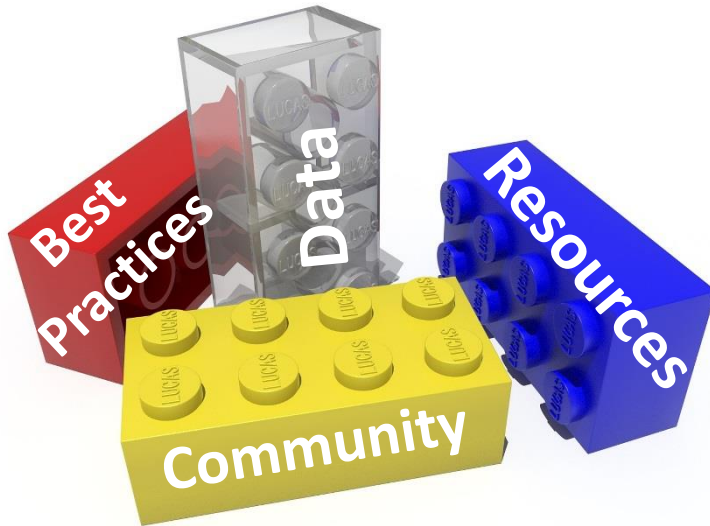

Positive experience, generated ideas to help improve the system, make it more fair AND grow collaborations to help improve it

Community Survey

System improvement, fairness, people want to know more AND all focus areas need attention

Large Events

High likelihood of attending a subsequent event AND increased knowledge in event topics

Strategic Planning To-Date

Foundational Resources

- Community engagement findings and priorities (quantitative and qualitative)
- Annual and midyear reports, 2014 through 2019
- Crime and population trends
- Charleston County's Sequential Intercept Map and companion report
- City of Charleston's racial bias audit
- Relevant research

Process

- Four collaborative workgroups, inclusive of CJCC and community members
- Review pressing issues, foundational documents and relevant data to identify potential objectives and goals
- SWOT analysis and SMART action planning
- Re-evaluate and revise as needed
- Finalize the strategic plan with CJCC membership approval

Diversify: There are multiple paths to sustainability

- Transparency and accountability
 - Annual and Midyear reports, communications and various convenings
- AmeriCorps VISTA support (grounded in sustainability)
 - Capacity build for dashboarding, cost benefit analysis and relative rate analyses
- Sustainability committee (diverse membership)
 - CJCC structures/funding/responsibilities
 - FY21 budget development in anticipation of diminishing grant resources
- Collaborative strategic plan development
 - Smart goals and objectives
- Research partnerships
 - Upcoming study of diversion and deflection with JSP
 - Covid-19 impact study with JFA
 - Sequential Intercept Mapping with PRA
 - Validation study with JFA
 - CJCC functioning assessments with JMI
